

# FABRIC GEAR OPERATED ROLL-UP AWNINGS

Fabric Roll-Up Awnings that can be motorised for ease of operation!

## Sunscape Gear Operated No Side Guides

A very robust external sunscreen that does not interfere with architectural fretwork and post mouldings. The Awning is secured at the bottom with saddles and snap hooks.

- Snap hook tie down system
- 70-78mm Galvanised roller tube
- Robust Gearbox operation
- Stainless steel installation brackets, bolts & idle ends
- Available in widths up to 5.5 metres

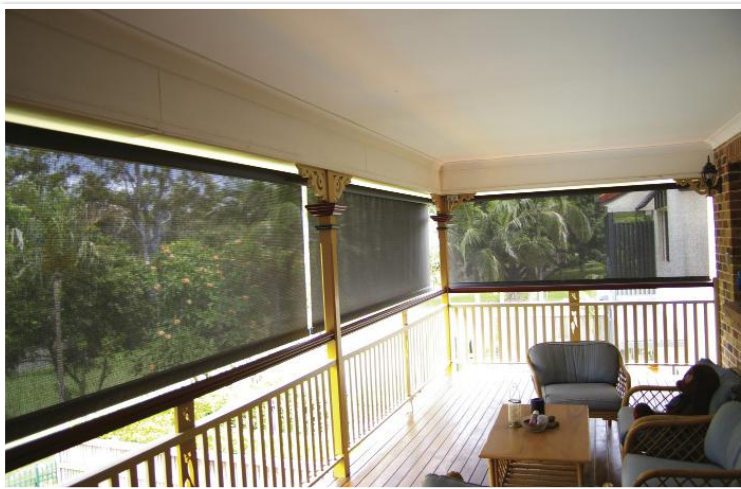

Hold Down System

MADE IN AUSTRALIA

HOME MOTION by  
**somfy.**

**ELECTRIC OPTIONS: TIMERS, SUN & WIND SENSORS, FULL AUTOMATION, WIRELESS, REMOTE CONTROL**

## Suncable Gear Operated Wire Guide

A heavy duty gear operated sunscreen Awning with stainless steel fittings and wire cable to guide the screen to its destination.

- High tensile stainless steel cable guides
- Floating bottom rail end caps
- Smooth Gearbox operation
- Weighted & powder coated aluminium bottom rail
- 70-78mm Galvanised roller tube
- Stainless steel installation brackets, bolts & idle end
- Available in widths up to 5.5 metres

Stainless Steel Cable Components

Wire Cable Guide

- Block the sun, whilst keeping the view when made with today's high performance sunscreen fabrics.
- Eliminate early morning or late afternoon sun problems.
- Available in many fabrics and colours (refer to individual fabric swatches).
- Stainless steel hardware.
- We make our products to order, so together we'll create an Awning to suit your lifestyle & requirements.

# FABRIC GEAR OPERATED ROLL-UP AWNINGS

Perfect solution for enclosing a Patio, Courtyard or Balcony to create a room!

## Sunmaster 40T Gear Operated Channel Guide

A great solution for larger openings. Roll-up blinds with a straight drop screen that has extruded aluminium vertical tracks which support the screen.

- Heavy gauge 3mm thick aluminium side tracks
- Stainless steel installation brackets, bolts & idle end
- Robust geared operation
- 70 - 78mm galvanised roller tube
- 75 x 25mm galvanised RHS bottom bar (pocketed)
- Mohair ultrapile for anti-rattle & fabric protection
- Available in widths up to 5.5 metres

Robust Track System

**ELECTRIC OPTIONS: TIMERS, SUN & WIND SENSORS, FULL AUTOMATION, WIRELESS, REMOTE CONTROL**

HOME MOTION by  
**somfy.**

## Sunshield SRS550 Side Retention System

The premium, versatile straight drop awning. Fabric is tensioned by utilising a unique floating insert, located within the special two piece side channel, eliminating the possibility of fabric blow outs or light gaps.

- Gear operated side channel with floating insert
- Unique side zip tensioning system
- 78mm Galvanised roller tube with end reducers
- Weighted bottom rail
- Stainless steel installation brackets, bolts & idle end
- Closed or open headbox options
- Locking bolts & side zips
- Available in widths up to 5 metres
